

» How to Disable and Clear AutoFill Info in your Browser:

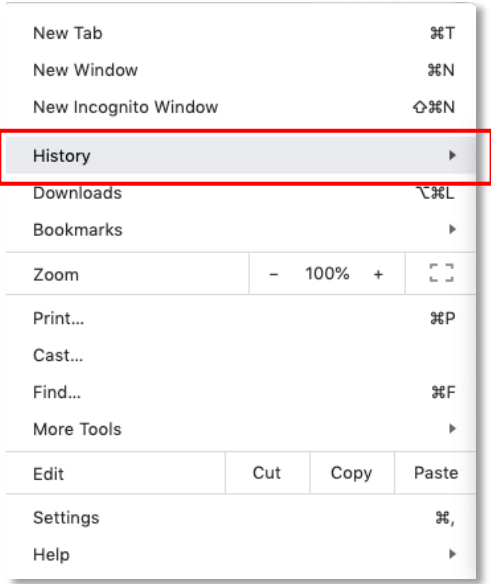

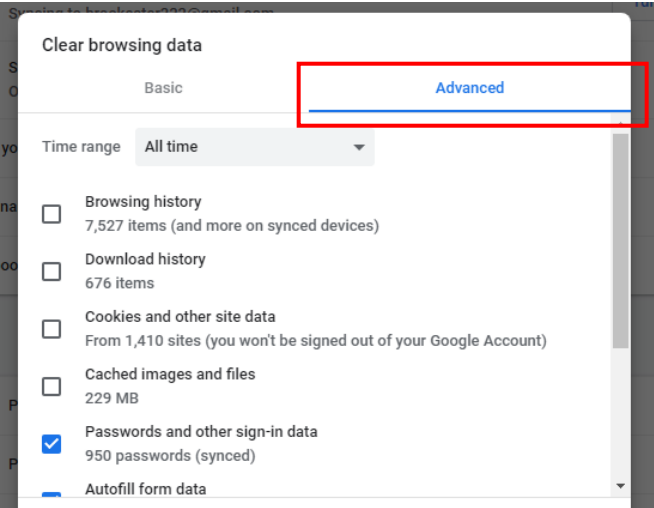

» Chrome:

In Google Chrome, you will want not only to turn off autofill data but also clear it. Instructions are listed below.

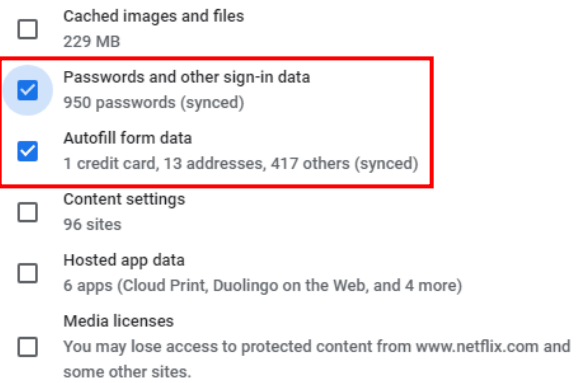

» Turning off Autofill:

1. Open Google Chrome.	
2. Click on the main menu at the top-right corner and select Settings from it.	
3. In the "Autofill" section, expand the area for which you wish to disable Autofill. For Selection Coach, both Passwords and Addresses and more should be turned off.	
4. Toggle the setting Offer to save passwords OFF if it's on. The system will automatically save your settings. Also, disable Auto Sign-in .
