

» **How to Disable and Clear AutoFill Info in your Browser:**

» **Chrome:**

In Google Chrome, you will want not only to turn off autofill data but also clear it. Instructions are listed below.

» **Turning off Autofill:**

1. Open <b>Google Chrome</b> .	
2. Click on the main menu at the top-right corner and select <b>Settings</b> from it.	
3. In the <b>Autofill</b> section, expand the area for which you wish to disable Autofill.	
4. Toggle the setting <b>Offer to save passwords</b> OFF if it is on. The system will automatically save your settings.	

» **Clearing Autofill:**

1. Press **CTRL+SHIFT+DEL** on your keyboard.

**Clear browsing data**

Basic

Advanced

Time range All time ▼

**Browsing history**

- ☐ Clears history from all signed-in devices. Your Google Account may have other forms of browsing history at [myactivity.google.com](https://myactivity.google.com).

**Cookies and other site data**

- ☐ Signs you out of most sites. You'll stay signed in to your Google Account so your synced data can be cleared.

**Cached images and files**

- ☒ Frees up 194 MB. Some sites may load more slowly on your next visit.

Cancel

Clear data

2. At the top, choose **All time** option to clear all saved data. Uncheck all options except the Clear **saved Autofill form data** option.  
\*\*Click **Clear data**.

3. Choose the Advanced tab at the top of the pop-up.

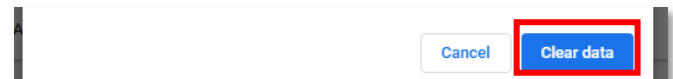

The screenshot shows the 'Clear browsing data' dialog box. The 'Advanced' tab is selected and highlighted with a red rectangle. Below the tabs, the 'Time range' is set to 'All time'. There are three checkboxes: 'Browsing history' (unchecked), 'Cookies and other site data' (unchecked), and 'Cached images and files' (checked). At the bottom right, there are 'Cancel' and 'Clear data' buttons.

4. Uncheck all options except the **Autofill form data** option.

The screenshot shows the 'Clear browsing data' dialog box with the 'Advanced' tab selected. The 'Autofill form data' option is checked and highlighted with a red rectangle. Other options like 'Cached images and files', 'Passwords and other sign-in data', 'Content settings', 'Hosted app data', and 'Media licenses' are unchecked. At the bottom right, there are 'Cancel' and 'Clear data' buttons.

5. Click the **Clear data** button. It may take a few minutes to clear the data depending on how much is saved in the browser.

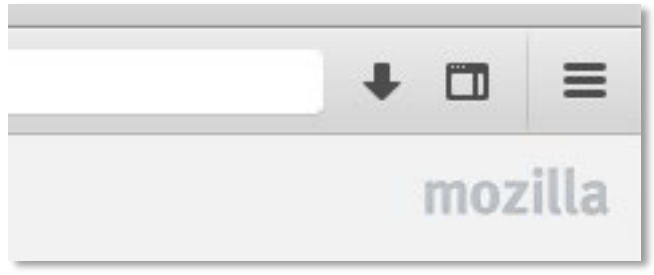

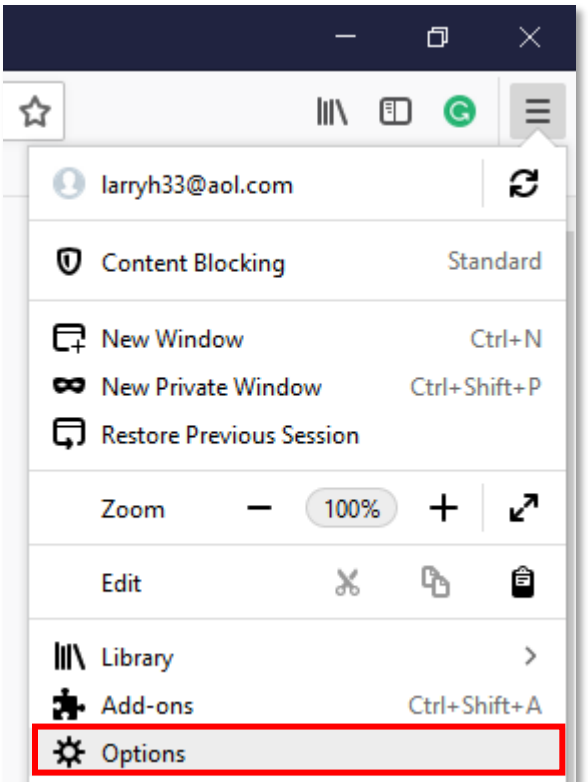

The screenshot shows the bottom right corner of the dialog box, where the 'Clear data' button is highlighted with a red rectangle. The 'Cancel' button is also visible.

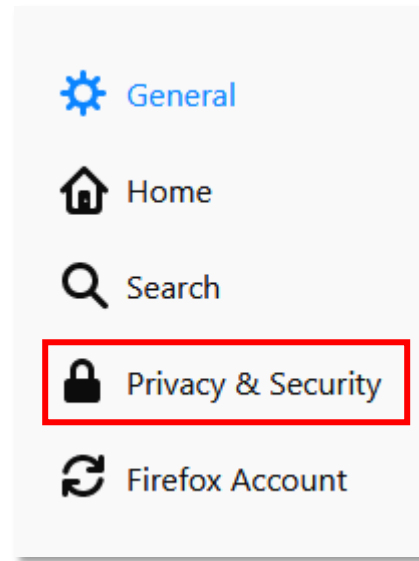

» **Firefox:**

In Mozilla Firefox, you will want not only to turn off autofill data but also clear it. Instructions are listed below.

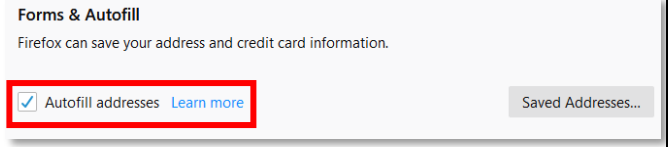

» **Turning off Autofill:**

1. Open <b>Mozilla Firefox</b> .	
2. Click on the Firefox menu icon. (Three lines at the top right of the screen.)	
3. Click on <b>Options</b> .	

4. Choose **Privacy & Security** on the left-hand side.

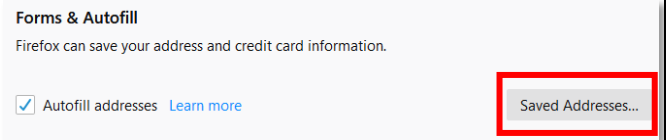

5. In the **Forms & Autofill** section uncheck **Autofill Addresses**. The system will automatically save your settings.

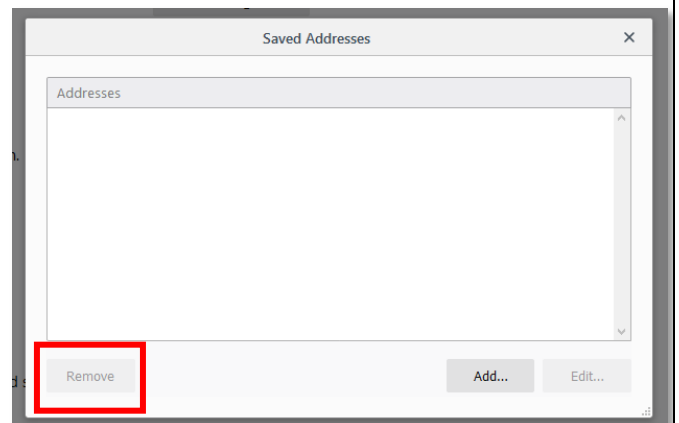

» **Clearing Autofill Data:**

1. In the same area as above, click on **Saved Addresses...**

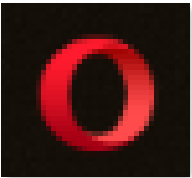

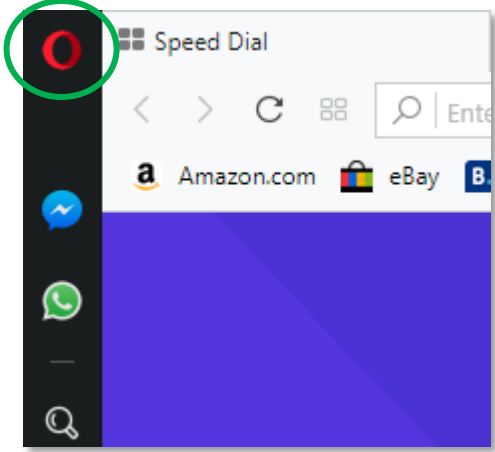

2. Highlight any addresses you would like to remove and press the **Remove** button.

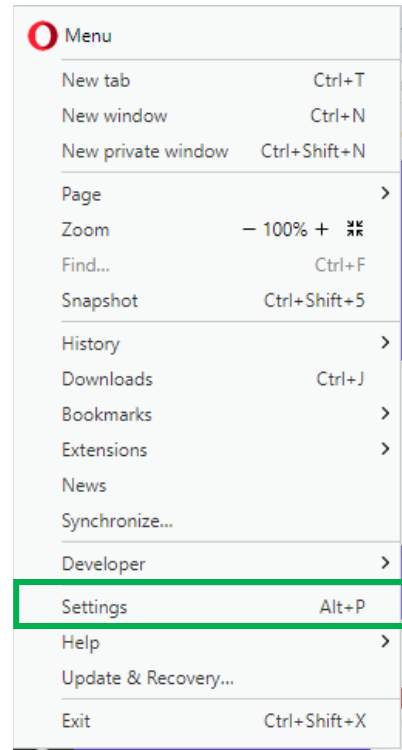

» **Opera:**

In Opera, you will want not only to turn off autofill data but also clear it. Instructions are listed below.

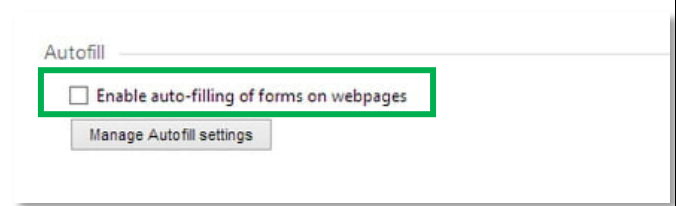

» **Turning off Autofill:**

<p>1. Open your Opera browser.</p>	
<p>2. Click on the Opera logo in the upper right corner.</p>	

3. Click on **Settings**.

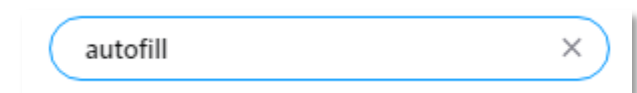

4. Uncheck the box for **Enable auto-filling of forms on webpages**.

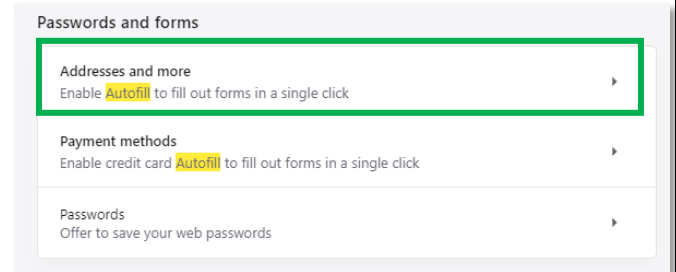

## » Clearing Autofill Data:

1. Starting from step 4 of the previous instructions, enter the word **autofill** in the search box in the upper right-hand corner.

2. Select **Addresses and more**.

<p>3. Undo the switch for <b>Save and fill addresses</b>.</p>	<div> <div> Save and fill addresses Includes information like phone numbers, email addresses, and shipping addresses </div> <div> <div>Addresses</div> <div> Add </div> </div> <div> Saved addresses will appear here </div> </div>
<p>4. Delete any addresses you need to from the <b>Addresses</b> section below.</p>	<div> <div> Save and fill addresses Includes information like phone numbers, email addresses, and shipping addresses </div> <div> <div>Addresses</div> <div> Add </div> </div> <div> Saved addresses will appear here </div> </div>
