

» **How do I add Recommended Resources for users? (Admin)**

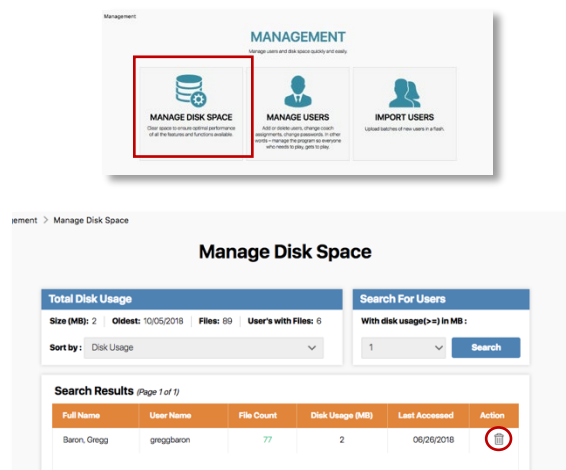

From here you can:

- **Add new resources**
- View current resources you have added for your learners to view
- View all resources no matter what source
- See who those resources are assigned to

View & delete resources

1. Go to Disk Management on your main dashboard
2. Click "Manage Disk Space"
3. Press the trash icon to delete

Delete resources

1. Go to the main dashboard
2. Click Recommended Resources
3. Press the trash icon to delete
