» **Graphics and/or text is getting covered when I'm in Practice mode – How do I fix it?**

1. When you are in Practice Mode and you have this issue: **- Press command or control + plus/minus to maximize or minimize your screen**	
2. This is how your screen would look if you press **command/control + the plus button**	
3. This is how your screen would look if you press **command/control + the minus** button
